

Jan 1st, 2024

Dear Patient,

We hope this letter finds you and your family in good health. We are reaching out to provide you with important updates related to our office, specifically regarding annual block fees and uninsured services.

The Ministry of Health covers a broad range of services insured by OHIP. However, certain services provided by your healthcare provider are uninsured, and patients are responsible for the associated costs. To alleviate the financial burden on our patients for these uninsured services, Cornwall Medical Practice (CMP) offers a cost-effective annual fee program. As a patient, you have the option to pay-as-you-go for each uninsured service or enroll in the annual fee program for substantial financial savings.

We also want to discuss the process of renewing prescriptions via phone or fax. When requesting a prescription renewal without an office visit through fax or telephone, several steps are involved. Initially, the patient's chart is accessed, followed by a comprehensive review by the physician. Subsequently, the necessary documentation is added to your medical file, and the prescription is then sent to the pharmacy. It's crucial to provide advance notice when requesting prescription renewals. If you choose the Annual Block fee for uninsured services, prescription renewals will be covered. Otherwise, there will be a charge for each request made by phone or fax. Otherwise, there will be a charge for each request made by phone or fax that will be enforced starting February 2024.

Providing these much-needed services to our patients involves significant time and effort, and the annual fee program offers a convenient way to manage these charges. The optional flat-rate annual fee program covers the cost of many uninsured services for one year (refer to the full list of uninsured services for more details). Registering for the annual fee program is entirely at your discretion. Patients choosing not to enroll can always pay for each uninsured service at the time the service is provided.

Charges for uninsured services are set by the Ontario Medical Association (OMA) and the College of Physicians and Surgeons of Ontario (CPSO) and are followed by CMP accordingly.

To subscribe to this plan, please complete the Registration Form and submit it with your annual fee to our office. We accept cash, cheques, e-transfer and pay online via PayPal by visiting the clinic's website at www.cmp-clinic.ca. For your convenience, completed forms may be faxed to 613-209-4949.

Our clinic staff will continue to do our utmost to provide you with primary medical care and are privileged to be assisting you with your medical needs.

Warm Regards,

Dr. Hussain & CMP Staff
